

Noah Pearl | Santa Barbara/San Diego CA

858-291-2210 | noahpearlsd@gmail.com

EDUCATION

University of California, Santa Barbara — Expected Graduation: June 2027

Bachelor of Science in Statistics and Data Science | GPA: 3.78 | ACT: 36 | Dean's List

Relevant Coursework: SQL, R, Python Programming, Data Science Principles, Probability and Statistics I-III, Regression Analysis, Experimental Design, Linear Algebra

PROJECTS

Loan Approval Predictive Modeling

- Built a regression-based statistical analysis on a Kaggle synthetic loan dataset to investigate factors influencing loan approval likelihood.
- Performed exploratory data analysis, feature engineering, and model training in Python (pandas, scikit-learn).
- Evaluated variable significance, interpreted model coefficients, and quantified predictive performance to identify key drivers of approval outcomes.

Sniper News Intelligence Engine

- Built a real-time financial news intelligence engine with FastAPI, PostgreSQL (TimescaleDB + pgvector), React, and Docker.
- Developed ensemble sentiment analysis using FinBERT + OpenAI to assess market-moving news in real time.
- Implemented semantic vector search and time-series analytics to correlate sentiment with market price movements.
- Deployed a modern React + Tailwind dashboard with live news feeds, sentiment trends, and historical archive search.
- Designed modular APIs for integration into a planned trading system, enabling real-time event streaming and structured data export.

WORK & LEADERSHIP EXPERIENCE

UCSB AI/Machine Learning Club

Co-Founder and VP of Projects — Sep 2024–June 2025

- Organized technical workshops, hands-on projects, and guest speaker sessions on professional development, RAG fundamentals, Hugging Face models.
- Led collaborative events on AI ethics and safety.
- Expanded club to 150+ members in the first quarter.

Sigma Pi Fraternity

Philanthropy Chair — Jan 2024–June 2025

- Organized philanthropy events with local vendors and businesses, raising thousands for men's mental health and disaster relief.
- Managed event logistics and coordinated across Greek life chapters.

The Ritz Carlton Bacara, Santa Barbara

Server — May 2025–Present

- Delivered exceptional food and drink service in a high-paced, luxury dining environment.
- Coordinated between kitchen and service teams, ensuring timely and accurate food delivery to guests.

SKILLS & INTERESTS

Programming Languages: Python, R, SQL, Java

ML & Data Tools: NumPy, Pandas, scikit-learn, PyTorch, TensorFlow, Hugging Face

Data Engineering: PostgreSQL (pgvector, TimescaleDB), MongoDB, Redis, Docker, FastAPI, Node.js

Visualization: Tableau, Recharts, Chart.js, React Dashboards

Other: Git/GitHub, APIs (Alpha Vantage, OpenAI), RESTful services

Interests: jazz, surfing, traveling, hiking, weightlifting, herbal teas, sunsets, Lego
